UI BENEFITS & TAX

Administering UI Tax and Benefits the Right Way: [OPTimum UI](#).

For over 25 years On Point Technology has been delivering innovative solutions that have transformed the UI industry. Combining decades of experience with our technical capabilities and knowledge, we have developed our UI Tax and Benefits modernization solution built atop our revolutionary OPTimum Platform. OPTimum is a powerful, customizable and stable framework that supports our comprehensive Unemployment Insurance Benefits & Tax solution.

What makes OPTimum Benefits & Tax the best choice?

ADAPTABLE | Flexible platform allows for efficient modifications; easily respond to regulatory changes

CLIENT CONFIGURABLE | Modify business rules with a easy visual-based editor. Not rigid programming

CLOUD READY | Gain the benefits of cloud services and reduce capital expenditures

SCALABLE | Expandable to incorporate future system and program functionality and improvements

PROCESS IMPROVEMENTS | Truly improve your processes, don't merely replicate them

COST OF OWNERSHIP | OPTimum is more efficient and less risky and delivers the greatest lifetime value

The OPTimum Choice

In 2015, NASWA and the Integrity Center of Excellence published results of a survey identifying On Point Technology as the overall leading solution provider to Unemployment Insurance Agencies nationwide. Our knowledge and experience was critical in designing a UI Benefit & Tax solution from the ground up to accommodate the ever changing needs, processes and challenges of any agency.
